Dear Mr. Gilroy:

Per the Corrective Action Plan submitted to the South Carolina Department of Health and Environmental Control (Department) as required per Consent Order No. 17-001-DW (Order), the PWS has been connected to the City of West Columbia Water System in accordance with Water Supply Construction Permit No. 31931-WS, and on July 6, 2017, final approval to place the connection into operation was issued by the Department.

Additionally, Department staff have verified that Well 1 (G32261)/Plant 1 (B32001) and Well 2 (G32262)/Plant 2 (B32002) have been disconnected from the system and properly abandoned by a South Carolina certified well driller in accordance with Reg. 61-58(2)(B)(15).

As such, the requirements of the Order have been met, and the Department considers the Order closed. The official closure date is July 28, 2017.
